Contracts

Travel Update – Mike Raabe

- Extensive **Travel Lessons Learned**
 - 4 days– internally and Travelocity Business
 - Leighton Cameron (Christchurch Travel)
- Numerous **action items** collected and tracked weekly
- Measures being put into place to prevent re-occurrence of last season

PQ Update – Michael Savage

Moving toward “Risk-Based” PQ process

- **Lipids** no longer discrete parameters for NPQ
- **Dental** reviews and **lab** work valid for **12 months** prior to deployment

On the table

- **Dental** – less strict
- **Treadmill stress test** for asymptomatic individuals
- Frequency of **pap tests** and **mammograms**

PDF “fillable” forms

- Pre-populated with name, unique ID number, labwork required
- **One form to be returned to UTMB** (15 pages)
- Steps
 1. Fill out savable form
 2. Get Lab work completed
 3. Go to Dr.
 4. Go to Dentist
 5. Submit COMPLETE (with xrays) package to UTMB via mail, FedEx, or fax

How to Request PQ packet

ASC employees:

Manager sends email to - **DEN-ASCIcehire**

- ASC Teammate
- Season
- Station
- Full legal name
- 5 yr age range
- Email address (only if you would like PQ packet sent to a personal account)
- Phone number (only if you would like to provide UTMB your personal phone to contact)

POCs for **Grantees, KBA, SOPP, Tech Events**, etc are in final stages of identification and will be announced within a week

Collaboration Tools – Bob Faulhaber

Applications available to you

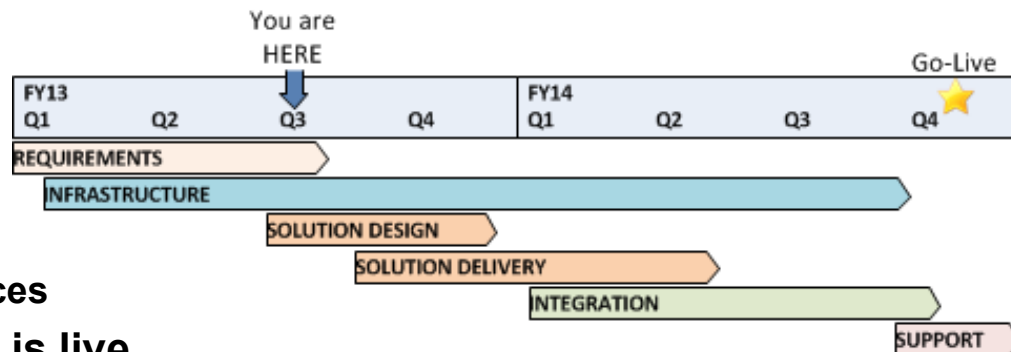

- **Voice Teleconferencing**
 - LM/PGi Audio Conferencing
 - MeetMe Audio Conferencing
- **Instant Messaging**
 - Spark (can communicate with public IM services)
- **Web Presentation**
 - GoToMeeting
- **Video Teleconferencing**
 - Polycom VTC (Centennial, Antarctic locations)
 - Cisco TelePresence (Centennial and Arlington – HD video)
 - Evaluating Internet-based Video Teleconferencing (BlueJeans Network)
 - Evaluating desktop video conferencing alternatives

Maximo Update – Scott Holbrook

Project Status

- Schedule runs FY13-FY14
- Currently in Requirements phase
- Delivery/Go-Live in July 2014
 - Denver, McMurdo, South Pole instances
- Denver Test/Training Environment is live

Maximo First Look

- April 10th and 11th
- 8 AM to Noon
- Palmer and Pole Auditoriums
- Various sessions each day
 - Interface
 - Inventory
 - Assets
 - Work Management

Windows 7, Office 2010 – Chuck Watkins

Why?

- No support for Windows XP after April 2014

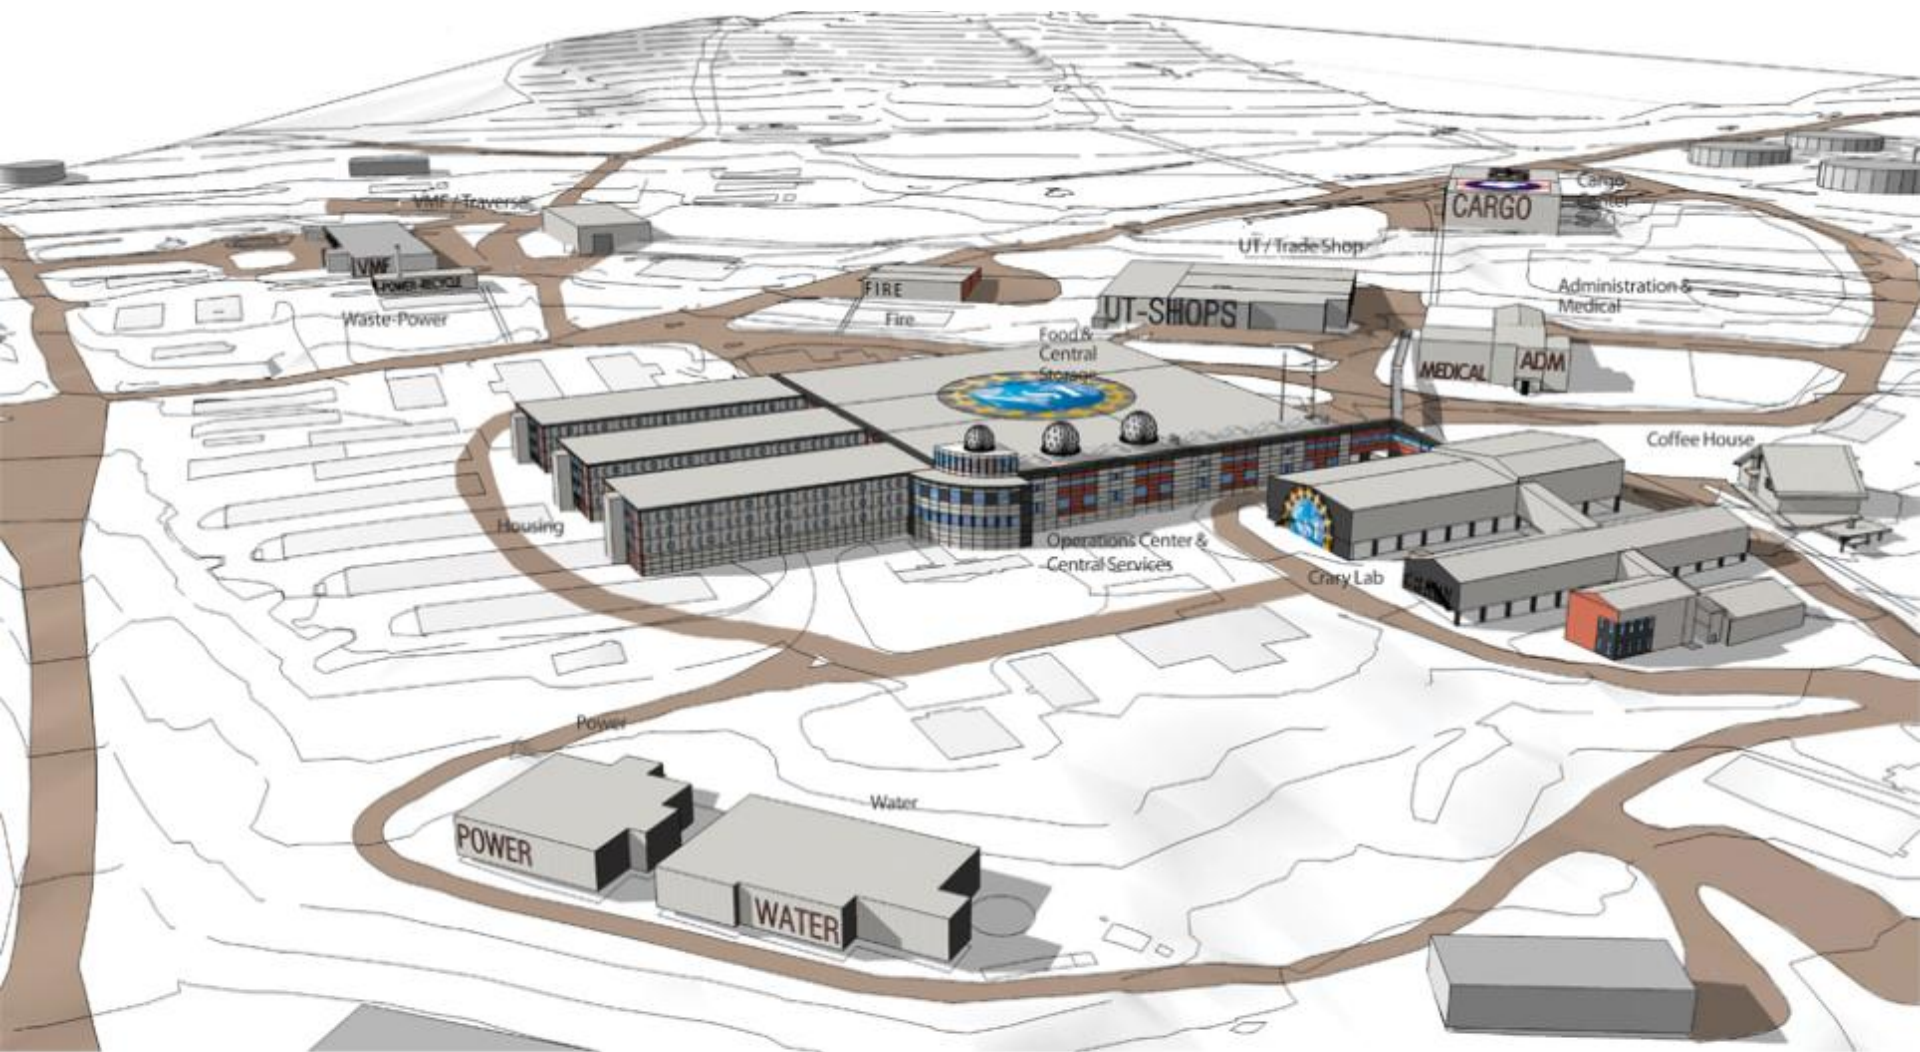

When?

- DHQ – end of summer
- Ice – by April 2014

Will you notice anything **different**?

- Office 2010 (Word, Excel, Outlook) very different

McM Master Plan – Brandon Neahusan

Sequestration Update - BK

- **ASC Impact: \$5.325M**
- **Scope reductions** being identified
- Significantly **reduced WINFLY**
- Cuts in **materials**
- **Science project** reductions

Lessons Learned – Celia

- **PQ process**
- **Travel**
- **Improving communications**
- **McMurdo Shuttle Operations**
- **Minimizing food waste**
 - Boneless meat, smaller cuts
- **Material processes** – planning, procurement, tracking, expediting, shipping
- **Retention/staffing/orientation/training**
- **Safety**
- **IMS – next steps/APP**

Achievements were MANY

- **Exceptional Science despite challenges**
- **Pole population reduction/bandwidth up 30%**
- **Ice Pier**
- **McM Waste Backlog - GONE!**
- **Work Area Improvements**
 - VMF - clean
 - Food warehouse
- **Palmer Boat Ramp**
- **Cashless Palmer**
- **McMurdo Master Plan**

Questions?
